FULLY AUTOMATIC MANUFACTURING set up

VMC : 1
CHAKRA 60+
1050x650x650

VMC : 2
AGNI 45+
650x450x450
with 4th axis

VMC : 3
AGNI 45+
650x450x450
with 4th axis

CNC : 1
Rhino BHT 2570
Ø250 Turning
length 800mm

Conventional machining set up

Radial Drill : 45mm ;
arm 1 m

Pillar Drill : 40mm

Band-saw cutting :
200mm ; 8 inch

Conventional machining set up that adds capacity of doing more rigid jobs

Scope of Work

- Parts as per customer design (customized)
- Labour charges
- With material
 - ✓ Casting
 - ✓ Forging
 - ✓ Engineering steels of different grades
 - ✓ Aluminium
 - ✓ Plastic
- Parts for Automotive, non automotive, heavy machinery etc.
(Engineering industries)

Methodology

- Enquiry from customer
- Feasibility study
- Techno-commercial offer & quotation
- Confirmation & Purchase Order
- Development of fixture & tooling
- Develop control plans & quality checkpoints
- sample approval
- PPAP & Start mass production

Measurement capability

Dedicated inspection station with Granite surface table.

Brand new instruments from **Mitutoyo** includes :

- Vernier calipers (Digital)
- Height gauge (Digital)
- Micrometers
- Magnetic "V" blocks
- Dial gauges
- Thread Plug gauges
- Roughness Tester
- Etc.

Finish goods management

FINISH GOODS

फिनीश गुड्स

- फिनीश गुड्स को GREEN TAG लगाकर रखो ।
- थोडासा ऑईल लगा के रखो ।
- ध्यान रखो फिनीश गुड्स कस्टमर की प्रॉपर्टी है, उसे डैमेज ना होने दे ।
- फिनीश गुड्स को जमीन पर नही रखना है, पॉलेट पर ही रखो ।

Finish Goods are identified with GREEN tag and well kept ready for dispatch.

Care is taken to avoid rust formation by applying rust preventive oil.

5S & Cleanliness

hree
MANUFACTURING CO.
(Machining Solutions)

KEEP YOUR FACTORY CLEAN

- यह आपकी कंपनी है ।
- इसे साफ रखो और गंदा ना करो ।

Achievements

Awarded as “Fastest Development” supplier by Manasi Pressings, our precious customer.
